City of Washougal
32nd Street & Evergreen Way Intersection Improvements

Project Completed: July 2018
Project Information

RTC Funding: $1,000,000
TIB Funding: $500,000
City of Washougal Funding: $349,000
Total Project Cost: $1,849,000
Project Type: Intersection Improvement

Project Description

The 32nd Street & Evergreen Way Improvements project consists of reconstruction of the intersection. Improvements include approximately 1,430 tons of Hot Asphalt Mix, storm sewer system improvements, curbs, sidewalk and pedestrian improvements, traffic signal replacement, roadway signing and striping, and other miscellaneous improvements.

Project Benefits

- New/upgraded traffic signal better manages train, vehicle and pedestrian traffic
- Widening of the curb returns allow improved freight and vehicular mobility through the intersection
- New bike lane west of 32nd Street along Evergreen Way
