

NW 38th Avenue Phase 2, SE Armstrong Rd. to NW Parker St.

City of Camas

Project Completed: March 2016

Project Information

RTC funding: \$2,200,000 in STP Funds

Total Project Cost: \$6,880,000

Project Type: Road Improvement

Project Length: 0.54 miles

Function Class: Minor Arterial

Daily Traffic Volume: 4,500

Project Description

The NW 38th Avenue Improvement project extends road improvements eastward from SE Armstrong Road to NW Parker Street. The project improves NW 38th Avenue to include two travel lanes with a center left turn lane, with bicycle lanes and sidewalks on both sides. The project improves access to businesses within the corridor, improves safety, and provides an important bicycle and pedestrian link through the corridor.

Project Benefits

- Improves access and safety within corridor and to a 400 acre business park.
- Provides a missing bicycle and pedestrian link, between 192nd Av. and Parker St.
- Encourages additional economic development.

Project Funding

Phase	Year	Federal Funds	Other Funds	Total
Design	2012		\$480,000	\$480,000
Right of Way	2012		\$1,670,000	\$1,670,000
Construction	2014	\$2,200,000	\$2,530,000	\$4,730,000
Total		\$2,200,000	\$4,680,000	\$6,880,000
