Quarter Billion Investment

25
YEARS

Quarter Century of Grants Quarter Billion Investment

Over the last 25 years, approximately 452 local projects have been awarded a total of \$233 million in federal transportation dollars by RTC. These funds have been used to plan and implement critical transportation improvements to enhance our community.

This map shows capital infrastructure improvements associated with road, transit, and rail improvements. This map does not show traffic signals and technology, bicycle and pedestrian, planning, preservation, or enhancement projects. The capital projects included on this map represent approximately 55% of the total projects and 73% of the total dollars awarded by RTC.

Mapped Project Types

- Roadway Project, constructed
- Roadway Project, to be constructed
- Intersection Project
- Bus Rapid Transit
- Transit Project
- Rail Project

Grant awards are shown on map in millions of dollars.
